The Short Tarot Reading offers a crisp and clear view on your situation without going into all the details. You can book the reading with a question at hand or for a general reading. The reading style is concise and dynamic, letting you go with new ideas for the immediate time to come. The time frame for this reading is 20 minutes.

Pragmatic Tarot Reading

The Pragmatic Tarot Reading is geared towards getting you back on track after crashing your aircraft in the desert. We will investigate what caused the crash, what the desert is like, where you can find water, how to repair your aircraft and how to get your engines going into a new direction. The reading style is hands on and will push you into action right away. The time frame for this reading is 30 minutes.

Pathfinder Tarot Reading

The Pathfinder Tarot Reading is right for you when you are looking for advice. In the reading we are interacting with a wise turtle who knows why you search advice and what your options are. If the turtle indicates a need to be particularly cautious before taking a decision, extra advice cards will be drawn. The reading style is investigative and assertive. The time frame for this reading is 45 minutes.

Creative Tarot Reading

The Creative Tarot Reading will let you play and imagine bold future visions. I will lay out the cards in a free pattern as you speak and offer you a menu of reading hacks that let you own the outcome of the reading. It is your reading and you decide how far you want to take it. The reading style is entertaining and experimental. The time frame for this reading is 60 minutes.

Illuminating Tarot Reading

The Illuminating Tarot Reading is designed to provide you with more insights on a topic that is unfolding in your life. We will look for more information in the cards on the past, present, future, current challenges and potential. While the reading goes into detail about your situation, it will leave all decisions open for you to take later. The reading style is slow paced, providing you lots of space to reflect. The time frame for this reading is 75 minutes.

Sacred Conversation

In a sacred conversation I hold space for you to share anything that you wish to share. I will be there with you and for you and let you speak. I may pose questions to deepen the conversation and involve tarot cards or healing techniques according to your preferences. The time frame for the sacred conversation is 90 minutes.
